Re: Important Medicaid Fee Schedule Notice

Dear Provider,

Jai Medical Systems Managed Care Organization, Inc. (Jai Medical Systems) would like to inform all participating providers of important fee schedule changes affecting the HealthChoice Medicaid program. The effective date for these fee schedule changes is January 1, 2014. These fee schedule changes are mandated by the Affordable Care Act and Maryland Medicaid. For your reference, we have attached the affected Evaluation and Management codes and CY 2014 rates, which reflect a slightly lower reimbursement rate from CY 2013 rates. *Please note, Jai Medical Systems did not receive these new rates until late March 2014.*

As a result of the delayed receipt of these new rates from the Department of Health and Mental Hygiene (DHMH), HealthChoice Managed Care Organizations will have to recover any overpayments. Claims that have been adjudicated prior to April 4, 2014, with dates of service beginning January 1, 2014, will be automatically readjudicated and adjustments will be made to reflect the correct rate when applicable. Please note, only claims submitted with Evaluation and Management codes paid at the incorrect rate will be readjudicated. Jai Medical Systems will continue to reimburse participating providers at 101% of the current Medicaid fee schedule for Evaluation and Management codes specified by law and regulation.

Please contact our Provider Relations Department if you have any questions or concerns regarding this matter. Our Provider Relations Department can be reached in the office at 1-888-JAI-1999.

Sincerely,

Kristin Yursha
Director of Provider Relations
