Medicaid Fee Schedule Update & Provider Attestation

Pursuant to Jai Medical Systems formal notice in the Winter Special Edition 2012 Newsletter, we would like to provide an update regarding the fee schedule changes mandated by the Affordable Care Act and Maryland Medicaid. Jai Medical Systems would like to inform participating Primary Care Providers (PCPs) and Specialty Care Providers, who were eligible for the 101% reimbursement, that all claims have been re-adjudicated and that you will receive Explanation of Payments in the coming weeks with the higher reimbursement rates.

For more information on the

2013 Physicians' Services Provider Fee Manual, please visit the DHMH Maryland Medical Assistance Program online at <http://mmcp.dhmh.maryland.gov/SitePages/Provider%20Information.aspx>.

Please see below, again which highlights the major fee schedule changes:

- Dates of service beginning January 1, 2013, participating PCPs and Specialists will be reimbursed at 101% of the Maryland Medicaid/Medicare Rate for E&M CPT codes.
- Jai Medical Systems will pay the lower of either the usual and customary rate or the increased administration rate

of \$23.28 for vaccines provided through the VFC program.

- All claims have been re-adjudicated for dates of service beginning January 1, 2013 and current claims submitted are paying according to the new fee schedule.

Jai Medical Systems would like to thank all PCPs who have attested to their PCP status through the DHMH website. If you have not yet attested please do so by visiting <https://mmcp.dhmh.maryland.gov/SitePages/PCPForm.aspx>.
